TRY OUR STAMPS!

Cling stamps in Stampin' Up!'s® classic red rubber are ideal for detailed images. Transparent photopolymer stamps work best for Two-Step Stampin'® and precision placement. Purchase reusable clear blocks (AC p. 206) or a Stamparatus (AC p. 207) for use with cling and photopolymer stamps. Learn more about stamps including wood-mount and clear-mount stamps (offered only in the annual catalogue) by visiting AC p. 3.

All stamp artwork is shown at full size unless otherwise noted. Check each stamp set description for stamp medium details. Select translated stamp sets available at stampinup.com/translated-uk or stampinup.com/translated-nl.

Page numbers refer to this catalogue unless otherwise noted. The abbreviation AC refers to the 2018-2019 annual catalogue.

Shelli's MESSAGE

Dear friends,

It's hard to believe that it has been 30 years since Stampin' Up! first started, but in all those years, I have never tired of receiving a handstamped card or gift. What about you? When you go to the letter box what do you open first—something handmade or a regular card? If you're like me, you go straight for the handmade card, because it has that personal touch.

When you make something with your hands, you give away a part of yourself and it goes to the heart of the receiver. They feel it as soon as they see it. They know that you have made the effort to make something beautiful especially for them.

That's what 30 years of Stampin' Up! has meant for me—giving, sharing, and receiving love. Creativity has been the wonderful means to that end. I hope you find the desire to share a bit of yourself as you look through the pages of this catalogue. You never know what a handcrafted card or gift could do. You could make someone's day—or change someone's life—just by sharing a little bit of yourself through the things you make.

CLING STAMPS

Stampin' Up!'s classic red rubber stamps are now better than ever! The same quality rubber material you've always loved now comes with an adhesive image label that will cling like crazy to clear blocks (AC p. 206) or Stamparatus plates (AC p. 207) each and every time you use them.

If you need to clean the image labels, simply rinse under running water. Avoid alcohol-based cleaners. Visit stampinup.com/cling for more information.
